Class Placement 2021 – Parent/carer requests in writing

Class placement is an important and complex task which the school invests a lot of time and planning in. Parents/carers are welcome to provide written information by letter or emailing the school. Please have these to me by Friday 13 November, 2020 should there be specific considerations or information about your child/children you would like the school to be aware of when forming 2021 class placements. These may include;

- social and emotional needs
- behaviour and past relationship issues that you feel have impacted your child/children.

There are no guarantees all considerations can be implemented due to our limited classes, but please be assured that the Executive, the staff and I always plan classes with the best educational and wellbeing outcomes at the forefront of determining class placements for every student.
